Hello Nicole,

My name is Lowell Whitty and I am writing to formally declare my opposition to the proposed redevelopment of 49 and [51 Springmount avenue](#). I am very familiar with the neighborhood and the tenants in these units and feel that the proposed development would be disastrous for both. The green space giving the street it's beautiful character of the street would be lost forever and the eviction of tenants paying affordable rent would further exacerbate Toronto's housing crisis. As an artist in the city of Toronto I would like to bring close attention to the fact that this proposal would be displacing a disproportionate amount of artists and musicians from the neighbourhood, further contributing to the gentrification issues this city is facing.

Sincerely,
Lowell Whitty
