Subject: File Number A1136/19TEY - 861 St. Clair Avenue West

To: Bram Bulger, Application Technician, Committee of Adjustment

Since I will not be able to attend the scheduled meeting on Wednesday, February 12, 2020, I would like to express my concern to the proposed development.

The development has proposed to use the south side of the building as their service vehicle access which will increase the noise level of our residential properties with garbage trucks and delivery vehicles backing in and out of the delivery and garbage pickup area.

I strongly agree that the previous conditions that the Committee of Adjustment imposed upon this development be met and that a legal and proper agreement between Peter Lakovnik, myself and 2558961 Ontario Limited be agreed upon prior to any approval of this project.

I would also like to receive a copy of the decision of the Committee be sent to me.

Thank you.
